John and Janet Johnson, welcome to the group

So glad you joined! It was such a nice New Year's gift to find another cousin. To summarize for the group, John matches James L Pruett (our group B) as third cousin in the FTDNA family finder, as well as matching Max Bradey as a fourth cousin.

Check out the discussions and files. You will find some interesting info. It will be great if you could post something on John's line so we can hopefully figure out our relationship.

Happy New Year, cuz!

John and Janet, I also welcome you to our group.

A new feature, which is a work in progress on this site, is to enter your Family Group B as FamilyGroupB(one word) in the "Search tags in this group" box in the upper right hand corner at the top. This should give you links to 44 discussion items, three photo albums, and six files on your DNA Family Group B. This should save you a great deal of time.
