Welcome Gary Pruitt

Welcome Gary and I hope you will find our group interesting and useful. We are trying to trace our ancestors using DNA and sharing information.

You are the first person who has been tested from Ransom Pruitt's line on this site. Your DNA has been put next to our Family Group B in our Compare DNA section because there have been some associations between these two family groups in the past even though the DNA doesn't match.

Hi, Gary, Thanks for testing. This is the most fun "Who's Who" I think you will ever come across. Every test is a piece of the puzzle. I know both you, and your cousin Linda have a great paper trail of your family. Will you please post something about them? You can post here in discussion, or by using the files tab at the top of the page, it will be easily accessible for every one. Welcome!

Hi Gary, Thank you for allowing your test results to be posted. I am disappointed that our Pruitt's are not related to Elaine's. I've known Elaine for several years and thought surely there had to be a connection between our families even though we never found anything in the records that would indicated that we were. I live just a few miles from the church where her husband's ancestor F. M. Pruitt and other family member's are buried, I have cousin's who currently live on land where F. M. Pruitt lived, if not the exact land, almost. I have family who married into the same families as F. M. Pruitt's children and grandchildren. So you all can see why Elaine and I thought our Pruitt's could possibly be connected. Again I thank Gary for testing since my connection to the Pruitt's is through my grandmother, my brother couldn't do the test.
