Hello Group, Hopefully I can contribute to your Pruett/Pruitt/Prewitt DNA project. For several years Elaine Pruitt and I have been tossing around her Francis Marion Pruitt who married Caroline Burgess. I finally found a male cousin who is willing to do the DNA test but the test and results have not been done as of today. I have only proven my Pruitt line back to Jonathon G. Pruitt b. c. 1832, d. 18 Sep 1862 who married Catherine Brimer in 1849 in Benton Co. [now Calhoun]. For years I have been frustrated in my Pruitt research due to the lack of records for the Pruitt's in Benton/Calhoun Co. AL. So as you can see I am a virtual beginner in Pruitt research for Jonathon G. Pruitt's ancestor's. I think Jonathon G. Pruitt was the son of Ransom Pruitt b. 1785 NC who was also in Benton Co. AL in 1850. When the DNA results are in maybe I can proceed from there.

That's great news that you are having a relative do the DNA test. . DNA is definitely putting the Pruett/Pruitt, etc lines into five distinct groups.

A DNA test of your possible line from Ransom could link Ransom to Solomon as some people have suspected for years.

Hi, Linda, Glad you have joined us. Perhaps we can find some answers with the new test. For years, some online researchers as well as some published researchers have thought that David, Richard, Samuel, Obediah, Joshua, Ransom, Dudley, Peter and John were all brothers and sons of William and Judith Dudley Pruitt. This was also stated by Etta Duma Pruitt Martin in a book she compiled, pub. 1986 entitled Chronicles from the Past, and possibly others. It will be interesting to see how it all shakes out, and if there is a connection to old Solomon. Considering how close together our families have lived in the past, we may be cousins! Or, may be not, having learned that proximity does not always mean kinship. Welcome to the group!
