# Two books by Richard A. Prewitt have been uploaded

Richard A. Prewitt's massive book on Michael, Sr. and his Descendents and the Prewitt - Pruitt Records of Arkansas have been added.

Michael, Sr. was one of the six grandsons of Henry Prewitt of Henrico. This book of over 800 pages must have taken an incredible amount of time to write.

John, thanks for posting these documents. I love the introductions to Richard's books where he tries to explain how the counties were formed and boundaries changed in the early days of each state. It's always difficult to visualize these changes. Like many of you, I've found the following site to be a good resource for links to maps that help me visualize the boundary changes - <http://www.his.jrshelby.com/hcV>. Just click on a state, then click on County Formation Maps. After looking at the boundary changes map, I can tell that Michael's descendants crossed paths with mine around Pittsylvania and Halifax Counties. It helps me separate out the two lines when I look at records from these counties.
