### Welcome John Chumlea

John, your DNA test shows that you are in our large Family Group C which you can see in our compare DNA section. This is the well documented Henry b 1654 of Henrico. VA line.

Welcome John! Group C is a little unusual, but very interesting. As I recall, didn't your Chumlea line come to Indiana? Let me know if I can help with that. I live in Fort Wayne and have access to the fabulous Allen Co. Library.
