Welcome, Carol

Carol, welcome to the group. After you've had a chance to look around, please be sure to let us know a little about yourself and your family history. Also, feel free to comment on any of our past discussions, uploaded files or family trees. We have a lot of knowledgeable people who monitor this site and they would be glad to help you with any of your issues and would be grateful for any assistance you can give them.

Thanks for the welcome. I believe I'm descendent from Henry Preit (1654) Henrico, VA and his son William (1714-1817) who married Mary Martin (-d. 1812). Will try to find a male Prewit (our current spelling) to get DNA tested.

Great work on this site. Appreciate your efforts tremendously!

Mary Zashin Mar 3, 12

Carol, I am descended from William Pruitt and Mary Martin. If you are too, then you are NOT, AFAIK, descended from Henry. My cousin Jim did the DNA test. His results are group E on this website. William is our earliest known ancestor. It would be GREAT if you could find a direct-line male descendant to do DNA!

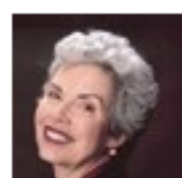

Carol Wootton Mar 4, 12

Hi Cousin Mary,
Thank you for your post.. and for correcting me. Yes-I was wrong about Henry Pruitt being an ancestor--got confused in my haste and excitement to post. Should be more careful and make sure I am looking at my most current records. My I'm as sure as can be without DNA testing about being descendant from William Pruitt and Mary Martin.

I descend from William Pruitt and Mary Martin twice --once through their son Jacob Pruitt and Nancy Richie and again through another son Abraham Pruitt and Margaret White. Pruitts/Prewits/Pruets everywhere. Where do you connect?. Would love to know. My Prewits/Pruits/Pruets went from VA, NC, TN, AL and ended up in TX. Would love to swap information. You can email me at cwootton@aol.com if you would prefer not using message board and are inclined to share.

I am very hopeful that I can get a direct-line male descendant to test. Should have some good news in a week or so.

Mary Zashin Mar 4, 12

Oooh, great! I am going to "invite" you to see my tree at [ancestry.com](#) because even though the tree is public you can't see living people or "view notes" without being invited. I'll also email you directly. Yay! A cousin! My guys went up through NC/Va/Tennessee to Illinois. My line is William Pruitt & Mary Martin-Martin Pruitt & Mary Woods-James Pruitt & Mary-Amos Pruitt & Mary Stout-Amos Henry Pruitt & Caroline Bare-James Amos Pruitt and Rebecca Dulaney Hooe-Mary Dangerfield Pruitt & Samuel Johnson-Mary Sheila Johnson (me). I have a bunch of your Jacob P. and Abraham P. descendants in my tree. . .because I was tracing lots of William Pruitt lines hoping to find more DNA. Also because it's interesting. I really think more DNA would be terrific!

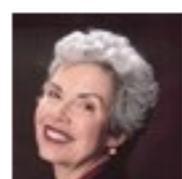

Carol Wootton Mar 5, 12

You're terrific! It is so very kind of you to allowing me to look at your tree on [ancestry.com](#). Can't wait to dig into it.

I haven't received a direct email from you yet. My email address (and last) name often fools the eye. There are two Os two Ts and another O in Wootton. email address cwootton@aol.com. Will give you what I have later today. Unfortunately, have an appointment I'm off too,

Good news on the DNA side...I have found a willing participant who is a direct male descent from my Prewit line. Now, it's just figuring out the logistics and which service to use. Ancestry or fDNA? Always used fDNA in past. Did you go through Ancestry?

So nice to meet you, Cousin! Will be in touch.

Mary Zashin Mar 5, 12

My cousin Jim used ancestry. Others have used fDNA, including my brother (not a Pruitt male). Some here prefer ancestry, but I think (I could be wrong) that it has a much larger data base. There's a way to upload ancestry DNA results to ySearch, and some here know how to do it. The time I tried on my own I got confused by the conversions needed. . .I thought I sent you a separate email, but apparently I must have pushed cancel instead of send! Will do so now.
