### Missouri Pruett's

This is my earliest Pruett ancestor with his listed descendants. I believe his father was Samuel Pruett, who died Abt. 04 May 1818 in St. Louis, MO. My direct line descends down through John's son, Samuel and Jane Crabtree; and their son, Samuel and Frances Isabel Brooks. My John Pruett was found in the area of Scotland Co., Missouri. This may be more information than you want, but perhaps it will be helpful to someone, including myself.

Welcome Grace, since your family 's DNA is from our Family Group C which is from Henry's line, have you looked at the file." Descendants of Henry Prewitt 1654.doc" in our file section. Your family links to one of Henry's many descendants.
