Welcome Thomas Pruett

Thomas, I figured I would copy what you wrote about your website. I am glad you have a lot of information and would love you to take the simple DNA test to see which family group you fall in.

Hello Everyone, It is exciting to find a group with similar interests. I am relatively new to genealogy, but have been fortunate enough to locate a fair amount of info on my particular line of Pruitt's/Pruett's which I am entering into a website available to any interested party. It begins with Samuel Pruitt and Elizabeth Hawker. I can vaguely remember stories of my "Uncle Hawker" who migrated to Texas from Arkansas in the late 1880's and I knew many of his children personally. You are cordially invited to visit my web site at: [daimlerdoc.tribalpages.com](#) If you are asked for a password, use t04110. I would appreciate any corrections or additions and especially desire info about Phillip Pruett, son of Samuel II. Phillip was born about 1756 in MD, but his date and place of death is very murky. Any help will be greatly appreciated Tom
